March

MUM,

I could write to you for days, but I know nothing would actually make a difference to you. You are much too ignorant and self concerned to even attempt to listen or understand, everyone knows that.

Thank you, for trying to talk and understand me.

After me being honest, after trying to fix things, thank you for turning a conversation about depression and suicide into something all about you.

Please understand that when ~~other~~ people compare us, I vomit on the inside.

And thank you for accusing me of being anorexic, FOR YEARS. I'm so FUCKING SORRY for being skinny. If I were, your BITCHY comments that I'm assuming were your attempt to help, ~~about~~ wouldn't have.

If I had stayed another minute I would have painted the walls and stained the carpets with my blood, so you could clean it up.

You are a waste of space, ignorant, and a rotten CUNT. I wish I were never born.

Dear Hannah,

I need you to know that you've always been my favorite, my number one. You're so much younger but you're a better person than me, you always have been. I hope you never take a wrong turn like I did, I hope you continue to grow. I hope you overcome the insecurity and I hope you realize that you are ever so beautiful. I love you.

Dad,

I'm so sorry I continue to disappoint you. I'm so sorry I've changed. I wish we could rewind. I love you to death, but I just couldn't do it anymore. Every day became harder and harder.

I know you can't understand, and I don't expect you to. And I don't know what to tell you other than I really am sorry, but I know you won't believe me. I'm sorry.

Hi baby! I can't wait to see you!

When I think about being 18 and living with you again, I keep getting butterflies. I am so happy to hear you're getting a job; I hope it works out! I am so excited for us both.

We've had our obstacles, and there's probably many more to come, but it's so worth it. I'm also very nervous for both of our court dates. I hope you get the chance for probation; I hope I get time. It'll be a mini vacation from my parents and when I come back I might be more grateful.

Ha or not, I just need a break from the kitch.

I wish I could spend time with you, I wish I could kiss you. I wish I could really touch you.

I'm looking forward to the months ahead. But I'm looking forward to getting them over

with too. Living with you is
going to be bliss.

Mrs. Goode
